Lorena

I would like to see the written documentation that grants the board this authority.

On 1/25/17 3:42 PM, Lorena Parker wrote:

provided did not make any mention of this information.

I would also like to see the text that allows the board to raise the assessment rate as was mentioned at a recent meeting. Is this a decision that only the board will be involved in or will the stakeholders have a voice in the increase in assessments?
